### ~~~~ NOTICE ~~~~

Central Coast Artists Collective was formed to provide services (bank accounts, memberships, exhibition assistance, website, newsletter, etc.) to artist groups to make up for those which the SLO Museum previously provided. Though the Collective was successful in its efforts, the need for those services has diminished.

Three artist groups (TPG, Central Coast Sculptors, Photo Society) will continue to operate under the umbrella of the Collective but with limited services, beginning in January 2026. Your group will provide you with more information about its plans for the future.

Thank you for being part of the Central Coast Artists Collective!

# Capturing the Magic of Cowboy Country

*A fine art Photography Exhibition in November & December 2025  
at **Spearhead Coffee** – 619 12th St. in Paso Robles*

In winter 2024, shades of ranch, horse and cowboy country came to life in the foothills of the majestic Bighorn Mountains with canyons and sweeping high desert vistas. Local working cowboys and cowgirls - riding their own horses - came together with our small group of enraptured photographers for a unique photo opportunity based around a horse ranch in wild, northern Wyoming. Riders wrangled horses, galloped in the snow of the red rocks, traversed the vast Bighorn basin. Horses gathered at the edge of a frosty stream to drink. It is hoped that this exhibition will give viewers a taste of living in the Wild West!

*Cheryl Strahl, an Atascadero resident, has participated in numerous photography exhibitions. Her photos have gained both local and national recognition and won several awards and acceptance into juried fine art shows in San Luis Obispo County as well as Oakland, San Francisco, San Diego and Solvang. <https://www.cherylstrahlphotography.com/>*  
(Photo by Deb Hofstetter in Lockwood CA)
